**CRANIOFACIAL, AESTHETIC
& PLASTIC SURGERY**

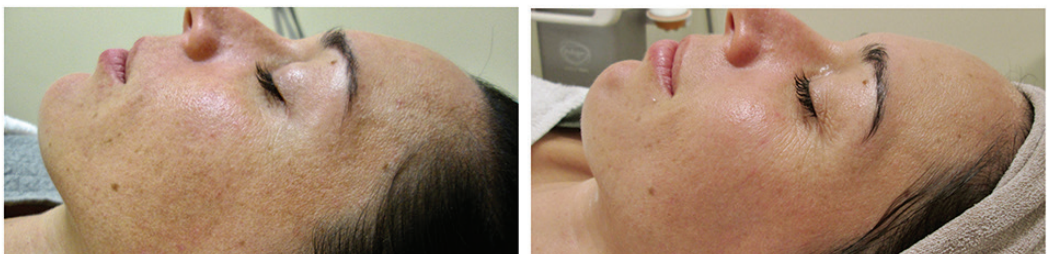

Skin Rejuvenation

- Chemical peels are done to resurface the rough and damaged layers of the skin
- Microdermabrasion is an advanced technique to smoothen the skin while stimulating the deeper layers of the skin for a supple and finer look.
- Intense rejuvenation therapies with injectable volite treatments and PRP treatments

Pigmentation Removal

- Novel chemical peels for removing the pigmented and tanned layers of the skin for a brighter look.
- Special peels to get rid of age spots and uneven skin tone

Acne & Scar Treatment

- Micro needling & Dermapen treatments to remodel the deeper damaged layers of the skin to give a smoother feel to the skin.

Mole, wart & Skin tag removal using Radiofrequency Ablation & Cryotherapy

Anti-ageing treatment

- Botox treatment to relax the fine lines & wrinkles on the face for a younger & more pleasant look
- Dermal fillers to sculpt a dull drooping face and the under-eye bags to give a cheerful young appearance
- Intense injectable anti-ageing treatment like vampire facelift and volite therapy to transform the dull and aged skin to supple, toned and elastic skin of the young

Restore Your Hair & Your Self-confidence

Anti hair loss treatment to regain the lost volume of hair using advanced formulation and novel hair treatment protocols.

Non-surgical hair restoration therapy with Platelet Rich Plasma (PRP) injections and derma rollers, to improve the quality of the hair roots, thereby enhancing hair growth.

State-of-the-art Laser Treatment

- The latest and advanced long-pulsed Nd:YAG laser for permanent hair removal in areas of unwanted hair growth (both for men & women)
- Pulse Dye Laser – The only service in the state to remove birthmarks and tumours on the skin. We use energy modes to target the blood vessels of the skin with absolutely no side effects on the skin
